

May 7, 2015

Dear Don & Patti,

Yesterday, Renee and I were having lunch with a longtime friend who was with us in Puerto Rico during ministry there in February. He brought us good reports and testimonies from those meetings including several healing and miracle testimonies. One in particular was of a person with a large tumor in their right side which was instantly destroyed and dissolved, all glory to our healing God.

He also reminded me that when we met back in the early 80's that he had a very large tumor on his head, behind his right ear. I laid hands on him and prayed, and instantly it dissolved before our eyes. He then traveled to India with me to a great crusade and saw the ministry, the salvations, and the miracles and he shortly went into the ministry after that and has been ever since.

I am certain only eternity will tell how many young lions, both men and women, have gone into the ministry and had a salvation, miracle ministry after traveling with me or being in my services. Thank God for the transmittable and transferable power of the Holy Spirit. Brother Kenneth Hagin used to tell us that if you follow after a minister that you will pick up that anointing and even mannerisms.

In 1982, Jackie and I took our four kids to minister in Australia. One place we ministered was Perth, for a large church and for Rhema Bible Training Center. When we arrived I was scheduled to minister for one hour at the school Monday through Friday. I asked how long the school day lasted and was told three hours. I asked what the students were doing the other two hours. They were watching videos of ministry, I was told. I asked if I could have all three hours every day to teach the student body since I was already there and they could watch the videos after I left, and they agreed. We had a tremendous time both in the school and at church in the evening, and the Wednesday night service lasted 10 ½ hours. I left the church at 5:30 AM and ministered a breakfast meeting at 8:30.

God fell on us with His Spirit and we had so many notable miracles and signs that week. Marvelous testimonies of blind eyes and deaf ears opened and creative miracles as well. It was wonderful. Well, the point of this story is that after all these years, I'm told that the class of '82 produced more ministers, more missionaries, and more miracle ministries than any other year. Impartation from and exposure to the real deal, real anointing, a minister really called and used of God in a particular office, can cause supernatural things and callings and anointing on the receivers for decades to come. It can set a course of ministry and change the course of lives. I certainly thank God for giving me spiritual fathers and mothers in the faith to learn from and follow after. Most of them are in Heaven today, but what a major mark they made and are still making in my life and ministry. We need, the Church needs, men and women today that will crease or mark our lives and young lions smart enough to realize they need fathers and mothers and follow them.

We don't take our partners lightly and appreciate each and every one of you. We will forever be indebted to our faithful partners.

Giving Living Bread to Dying Men Around the World

I am writing to you from Mexico again this month. Ministry begins tonight and I am excited for the people and expecting a move of God and people to be helped. Of course you know I love Mexico and minister here each year and have done so for 47 years. But this year I have really had Mexico on my heart more than usual and have made several trips here already. Easter week or Holy week we were ministering here in our beloved Mexico and such great services we had. We were so blessed to hear great testimonies of healings and miracles among the people. The place was packed and people standing around the walls and greatest of all, some 50 to 70 people responded to the call for salvation and gave their lives and hearts to the Resurrected King.

I have told you before but it bears repeating; Mexico has never had a revival in its history, but I believe it is not only coming but is very close. Who knows? It may be the last revival on Earth. Won't that be a great thing to be part of?

We were actually supposed to be ministering in South Africa this month but after they changed the dates three times the meetings were actually cancelled. I'm very sorry about that, they need the Word of Faith preached very strongly there. I'm not giving up. I will go and minister to the people and the pastors in that nation as soon as possible. They have had a drought of the Word of Faith being preached there, and the nation is certainly suffering.

Thank God for the great truths and the great facts of His Word. There is very little absolute truth these days and not many even believe in absolute truth any more. But the Word of God is the stable constant in our lives and it is absolute truth. Jesus said in John 17, "Father, thy word is truth." How comforting it is to be able to go to absolute truth and know that God does not change, that what He did in Bible days, He still does today. If we can find it in the Bible, then we can have it or make it happen.

We are still planning and looking at the rest of the year. Romania, Europe, Latin America, and Asia are in our crosshairs and prayers.

Pray for us, we pray for you daily. Send us your prayer requests and praise reports. We love to hear the testimonies. So many people are into titles these days but we still live for testimonies, not titles.

Please continue to pray for the various needs of the ministry: for partners to join you and us as we preach around the world, for a new vehicle to be about the Master's business, and for victories in various attacks of the enemy. We do covet your prayers.

We now offer convenient online giving in several different formats via our website. Visit www.terrymizeministries.org for more information.

Your Missionary to the World that Cost the Blood of Jesus,

Terry L. Mize
